Bruce,

The Archaeological Survey and EA were for the new expansion, section 36 T5S-4W—the EA does have parts of section 31, 32, and 33 of T5S-R3W as well.

Thanks Jessie, looks good. Was out for a couple of weeks, so I'm playing catch-up.

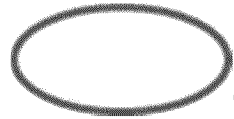

Regarding the NHPA and ESA information you forwarded earlier – was that only for the new section (for permit expansion) or for the entire Antelope Creek prior area permit plus the new section. Thanks.
